Projects

2024	4TechTalent Web Development 4TechTalent is a full-stack personal project focused on job search within the tech industry. It serves as a dedicated website for tech positions. in progress
2024	Andreia Wu Web Development Andreia Wu is a personal React portfolio, showcasing my skills as a front-end developer. It is my first project following the completion of my bootcamp.
2024	Calm.ly Web Development Calm.ly is a full-stack group project developed over two weeks during my course. The platform’s main feature is an AI chat, designed to support mental health by providing users with options for meditation, journaling, and engaging in conversations to express their feelings and concerns.
